

We are not living  
through just another  
presidential term.  
This is not business as usual.  
**This is not normal.**  
**This is big.**  
It affects all of us and  
it's happening right now.

(and we don't feel fine)

## Welcome to Mr. Trump's Neighborhood

### What is IT?

The Trump regime is remaking  
our government **from a**  
**democracy** with checks and  
balances **to an authoritarian**  
**oligarchy**, where a dictator  
makes all decisions and a  
wealthy few ensure his power.
