

I Am Enough

I know this person:

the shape of me  
my scent  
my curves  
and wrinkles  
all my moments

MORE ZINES!!!

On days I tremble,  
I give myself  
a butterfly hug  
and release  
not knowing how  
to love myself

I am enough,  
grounded  
in my breath,  
my radiant  
radical self.

I remind myself  
I am multitudes,  
hard and soft  
quiet and loud  
full and empty  
scared and certain

I accept myself  
one with sun and stars  
toes planted on earth  
skin tickled by wind

healthy in  
my size,  
tracing  
today's scars,  
kissing  
parts of me  
I can reach,  
giving  
myself this  
gift.
